

INJECTORS

 MAINTENANCE

FEATURES AND BENEFITS

- Enhance performance, optimize fuel economy, reduce smoke, decrease downtime
- Every fuel injector is completely remanufactured by Detroit, including the latest design and engineering upgrades
- All components are inspected for optimum quality, tolerance and function
- Detroit fuel injectors go through comprehensive field testing and extensive lab testing
- 6-Packs: Replace all 6 injectors at once and receive a 2-year/150K mile warranty at no additional cost
- Fuel flow rates and injector response times are tested to ensure maximum efficiency
- Fuel atomization and spray patterns are optimized for complete combustion, ensured by Detroit™ Reman's rigorous quality assurance
- Sealing surfaces are machined, lapped and thoroughly checked
- Injectors are calibrated, and calibration codes are laser-etched into the injector body to ensure balanced injector operation
