General Product Information

Detroit coolants are different - specifically formulated to not just meet, but to exceed the performance requirements of your Detroit or Mercedes Benz engine. Detroit Coolant provides reliable protection in even the most extreme heat and freezing cold conditions.

Part No. **OWI 23519000**

Detroit POWER COOL PLUS Extended Life Diesel Engine Coolant is a Nitrite-Free, non silicate, non-phosphate formula that eliminates inhibitor dropout and scale problems. Detroit POWER COOL PLUS keeps the cooling system running cooler and the components lasting longer while providing complete protection against corrosion, erosion and cavitation for 1,000,000 including conventional engines.

WARNING: HARMFUL OR FATAL IF SWALLOWED. CONTAINS ETHYLENE GLYCOL.

1 U.S. GAL. (3.78L)

Detroit POWER COOL Fully Formulated Diesel Engine Coolant is a low silicate, non-phosphate formula formulated with diesel engine cooling system components.

Power Cool Plus & Power Cool meet Detroit Fluid Specification 93K217 and is approved for warranty
