Product Highlights

SAE J1455 Compliant

- Built to withstand the extreme driving environment of a commercial vehicle

Weather Band

- Offers 7 weather band frequencies/channels free-of-charge to provide continuous weather information 24/7

Rear Auxiliary Input

- Provides an auxiliary terminal for permanent hard wire to the rear side of the radio

SAE J1939 Compliant

- Allows different vehicle components that run the communication bus system to talk to each other; compatible with most digital steering wheel/rear sleeper controls

ISO Connector

- Allows the radio to be connected directly to the vehicle's harness; no other harness is required - no cutting, no separate accessories to purchase for vehicles manufactured with the ISO connect harness

Direct Antenna Connect

- Direct connect for an AM / FM / WB radio antenna; and on SAT-integrated radio models - a direct connect for Satellite radio antenna

Sound Quality (EQ) Function

- Select the sound type (Pop, Rock, Country, News, Jazz, Classical, or Manual)

Separate Bass, Mid, Treble, Balance and Fader Controls

Built-In Quartz Alarm Clock with One Hour Timer

Output Power - 18 Watts x 4 Channels

6 AM / 12 FM Preset Buttons
