General Product Information

The Fleetguard Warranty – Best in the Industry

When you buy a Fleetguard Filtration product, you are assured superior warranty protection from the point of purchase throughout the recommended life of the product. Unlike industry competitors, our warranty coverage is not pro-rated, which means you are fully protected through the recommended service life of the product. These factors make the Fleetguard Filtration Warranty one of the best in the industry.

FAQ

Why Fleetguard?

As the only filter manufacturer that is also part of an engine manufacturer, Cummins filtration has the benefit of developing our filters and engines in tandem. We prove our technology through extensive laboratory and real-world engine tests.

- Rich Cummins History
- Products Meet or Exceed OEM Specifications
- Real World Testing and Science
- Broadest Product Coverage including Coolant
- Specific Application
- Best in Class Warranty

What are long-term costs of using low-cost filters?

There's a reason some filters and coolants are less expensive than others – they're lower quality. But this lower quality puts your engine parts at risk.

Fleetguard product solutions offer the best return on your investment by protecting your engine over its life. To learn more, check out our brochure, **The Risks of Low Cost Filters and Coolant**.
